SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. Appendix.

As required by the Biggert-Waters Flood Insurance Reform Act of 2012, the TMAC makes recommendations to the FEMA Administrator on: (1) how to improve, in a cost-effective manner, the (a) accuracy, general quality, ease of use, and distribution and dissemination of flood insurance rate maps and risk data; and (b) performance metrics and milestones required to effectively and efficiently map flood risk areas in the United States; (2) mapping standards and guidelines for (a) flood insurance rate maps; and (b) data accuracy, data quality, data currency, and data eligibility; (3) how to maintain, on an

ongoing basis, flood insurance rate maps and flood risk identification; (4) procedures for delegating mapping activities to State and local mapping partners; and (5) (a) methods for improving interagency and intergovernmental coordination on flood mapping and flood risk determination; and (b) a funding strategy to leverage and coordinate budgets and expenditures across Federal agencies. Furthermore, the TMAC is required to submit an annual report to the FEMA Administrator that contains: (1) a description of the activities of the Council; (2) an evaluation of the status and performance of Flood Insurance Rate Maps and mapping activities to revise and update Flood Insurance Rate Maps; and (3) a summary of recommendations made by the Council to the FEMA Administrator.

In accordance with the Biggert-Waters Flood Insurance Reform Act of 2012, the TMAC must also develop recommendations on how to ensure that Flood Insurance Rate Maps (FIRMs) incorporate the best available climate science to assess flood risks and ensure that FEMA uses the best available methodology to consider the impact of the rise in sea level and future development on flood risk. The TMAC must collect these recommendations and present them to the FEMA Administrator in a future conditions risk assessment and modeling report

Further, in accordance with the Homeowner Flood Insurance Affordability Act of 2014, the TMAC must develop a review report related to flood mapping in support of the National Flood Insurance Program (NFIP).

Agenda: On Thursday, December 4, the TMAC members will discuss (1) the Council's work process regarding data and associated recommendations that will be needed in preparation of the reports, (2) the vision statement, and (3) work group assignments. In addition, invited subject matter experts will brief TMAC members on (1) the overall

production of mapping components, (2) future conditions flooding and climate change, and (3) examples of current next generation mapping. Furthermore, invited subject matter experts will discuss current and future possibilities regarding: (1) data acquisitions, maintenance, and dissemination; (2) map production; (3) display/dissemination/distribution; (4) risk assessment; and (5) risk to mitigation. On Friday, December 5, invited subject matter experts will discuss current and future possibilities regarding (1) program performance metrics; and (2) delegation. The full agenda and related briefing materials will be available at <http://www.fema.gov/TMAC>.

Dated: November 14, 2014.

W. Craig Fugate,
Administrator,
